Explanatory Memorandum accompanying the Budget Estimates of the Year 1943 44

1 This memorandum deals only with such of the items in respect of which there are appreciable variations as compared with the sanctioned and revised estimates for the current year and the proposed estimates for the year 1943–44 The provisions under the revised are based mostly on the actuals for the first 9 months during the current year and the provision for 1943 44 on the sanctioned scales in respect of establishments and on the Revised in respect of others unless otherwise stated

RECEIPTS

2 **Octroi** —The receipts during the first 8 months is Rs 1 51 556 According to the latest figures the receipts during March was Rs 22 800 making a total of Rs 1 74 356 Taking an average of Rs 22 000 for the remaining months on the basis of the previous months figures the total that could be expected for the year is Rs *2 30 000*

Regarding the Budget it is very difficult to say how our receipts will be in view of war conditions etc As it is very unsafe to overestimate the receipts I would put it down to Rs 2 10 000 on a conservative basis The receipts for the past four years are noted in the margin

38–39	1 67 695	Sanctioned estimate	1 82 000
39–40	1 72 994	Revised 42–43	2 30 000
40 41	1 85 697	43 44	2 10 000
41–42	1 90 341		

3 **Taxes on Buildings and Lands** —The opening balance for 42–43 was Rs 40 868 The demand during the year was Rs 1 54 132 thus making a total of Rs 1 95 000 Making an allowance for an arrears of Rs 21 800 on account of suits etc a collection of Rs 1 3 000 is anticipated

Budget —*Re* the arrears for 43–44 would be Rs 20 800 and taking a demand of Rs 1 58 200 an increase of 4000 over the previous year the total demand would be Rs 1 79 000 Assuming a sum of Rs 14 000 to remain as arrears at the end of the year and providing for a remission of Rs 2 000 the collections are anticipated to be Rs 1 63 000

38–39	1 61 946	Sanctioned Est	42–43	1 68 000
39–40	1 64 547	Revised Est		3 000
40 41	1 70 593	Budget Est	43–44	1 63 000
41–42	1 74 883			

4 **Taxes on Vehicles and Animals** —The collection for the first 8 months is Rs 35 670 and to the end of March is Rs 41 355 A sum of Rs 42 000 under this head has therefore been anticipated

The Budget for the next year provides for a small increase

38 39	29 834	Sanctioned for	42–43	41 000
39–40	30 5 3	Revised		42 000
40–41	41 078	proposed	43–44	42 000

5 **Tolls and Ferries** —The collection to the end of the first 8 months is Rs 49 064 The collection in March shows an excess of Rs 2 556 the total collection being Rs 51 879 Taking an average demand of about Rs 6 200 per month for the next three months the total will be Rs 76 000 The Budget for next year may be placed at Rs 74 000 on a conservative basis

38–39	60 542	Sanctioned	42–43	74 000
39–40	71 181	Revised	43–44	76 000
40 41	61 360	proposed		74 000
41–42	73 711			

6 **Water Tax** —The collection during the first nine months amounts to Rs 91 271 During the next three months another sum of Rs 45 000 would be anticipated at Rs 15 000 per month as in the month of March 1943 the total would thus be Rs 1 36 271 A sum of Rs 1 36 000 is therefore proposed in the Revised The Budget for 42–43 was placed at Rs 1 38 000 assuming expansion of the demand but on account of restricted water supply this expectation was not realised

38 39	1 0 491	Sanctioned	42–43	1 38 000
39–40	1 24 169	Revised		1 36 000
40–41	1 43 821	Proposed	43–44	1 35 000
41–42	1 41 401			

1943–44 —As most of the recoverable arrears has been collected a sum of Rs 1 35 000 is provided for the next year

7 **Sanitary Cess** —Under Sanitary Cess the arrears were Rs 21 140 and the demand is Rs 39 860 thus making a total of Rs 61 000 A large portion of wrong demand under this head has since been written off and assuming therefore that the collection of arrears under Sanitary Cess and Drain Cess will bear roughly the same proportion to the demand as in the case of Mohatarfa the collection may be put down at Rs 45 500

38–39	34 864	Sanctioned	42–43	45 000
39–40	35 932	Revised Est		45 500
40–41	42 316	Budget Est	43–44	46 000
41–42	42 509			

1943–44 —The arrears at the beginning of the year would thus be Rs 14 500 and adding a demand of about Rs 41 500 the total will be Rs 56 000 Providing for a remission of Rs 1 000 and a rears of Rs 9 000 at the end of the year the collection is placed at Rs 46 000

8 **Drain Cess** —The arrears were Rs 3 155 and the demand is Rs 7 120 The collection for the first eight months is Rs 2 805 A sum of Rs 4 695 is expected to be collected during the remaining portion of the year on the basis o collection of Mohatarfa and Sanitary cess bringing the total collection to Rs 7 500

1943–44 The arrears at the beginning of the year would be Rs 2 575 and assuming a demand of Rs 7 500 and providing for a remission of Rs 100 and a clo ing balance of Rs 1 975 the collection for the next year is put down at Rs 8 000

38 39	6 041	Sanctioned Est	42–43	8 000
39–40	6 068	Revised	42–43	7 500
40–41	7 304	Proposed	43 44	8 000
41–42	6 885			

9 **Pounds** —The collection during the first 8 months is Rs 76 and in March it is Rs 89 The fall under this head is due to the abolit on of the Cattle Catching Gang Instructions have been recently issued that the Municipal staff should be more vigilant in this matter and for purposes of Budget howe er we may take the current year s figures at Rs 1 400 The same figure is repeated for the Budget

10 **Reg stration and Surcharge Fees** —A su n of Rs 4 004 was received during these eight months and expecting a collection of about Rs 900 the total collection will be Rs 5 000 This is a varying tem of income A surcharge fee of four annas on every gallon of liquor sold in excess of 55 gallons per month is collected and paid to the Municipality along with a registration fee of Rs 180 per liquor shop As the consumpti n varies the receipts also vary On the basis of the receipts for the current year a sum of Rs 5 000 might be anticipated durin the next year also

OFFICE OF THE COMPTROLLER TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE

No. 14/C.L.A.D. Bangalore dated 8th JULY 1943

M Shamanna, Esq., M.A.,
Comptroller to the Government of
His Highness the Maharaja of Mysore
BANGALORE

To

The Secretary
to the Government of His Highness
the Maharaja of Mysore, Law Department,
BANGALORE

Sir,

I have the honour to forward herewith for orders of Government, the Budget Estimates of the Mysore City Municipality for 1943-44 together with its enclosures received with the President's letter No L2 558/42 dated 3-6-43 A detailed note explaining the necessity to revise the estimates under some heads in the light of the past actuals and other considerations together with an abstract statement (A) of variations made in this office and a statement (B) of receipts and expenditure after incorporating these variations are enclosed for the information of Government

2 According to the Budget estimates for 1943-44 as prepared by the Municipality, the opening and closing balances are expected to be Rs 26,204/- and Rs 5,110/- respectively The Closing Balance falls short of the statutory minimum balance of Rs 20,000/- by Rs 14,890/-

3 On scrutiny of these estimates by this office, it is found necessary to the reduce the anticipated receipts by Rs 10,500/- for the reasons stated in the detailed note On the expenditure side, an extra provision of Rs 4,000/- is made to meet the actual pension charges payable by the Municipality as it is seen that the provision now made is insufficient

4 These modifications under receipts and expenditure result in a deficit of Rs 9,390/- at the end of the year Adding to it, the statutory minimum cash balance of Rs 20,000/- the total deficiency to be made up works out to Rs 29,390/-

5 With a view to balance the Budget, I have proposed reduction in certain items of optional expenditure under some heads as shown in the statement "A" aggregating to a total sum of Rs 20,700/- As a result of these changes, the closing balance for 1943-44 would be Rs 11,310/- as against Rs 5,110/- assumed by the Municipality This falls short of the statutory minimum balance by Rs 8,690/- The Municipality may be directed to keep down the expenditure under other heads also with a view to maintain the closing balance at the required minimum

6 TOWN HALL - The accounts of the Town Hall are kept separate opening a separate account for its transactions at the Mysore Bank The Town Hall Committee expects an income of Rs 7,150/- including the Opening Balance of Rs 148/- An expenditure of Rs 6,825/- is provided for leaving a Closing Balance of Rs 325/- at the end of the year The Budget may be approved

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Comptroller.
(For Comptroller absent from the Head Quarters)

Note explaining variations made in the draft budget estimates of the Mysore City Municipality for 1943-44

A Receipts

1 Tolls & Ferries Provision Rs 74,000/- The average income for the last 3 years is Rs 71,709/- as shown below:

40-41	Rs 71,360
41-42	73,711
42-43	70,057
Total	2,15,128
Average	2,15,128 ÷ 3 = 71,709/-

The revised figure for 1942-43 as assumed by the Municipality is Rs 76,000/- which has not been realised Allowing for an improvement of about Rs.2,000/- the budget estimate for 43-44, may be taken at Rs.72,000/- as against Rs 74,000/- assumed by the Municipality or Rs 2,000/- less

2 Sanitary Cess Provision Rs.46,000/- The average income for the past three years is Rs.42,376/- The actuals for 42-43 are Rs 42,303/- which falls short of the revised estimate by Rs 3,124/- allowing for an increase of Rs 3,000/- for the next year, the provision of Rs.46,000/- may be reduced to Rs 45,000/- or Rs 1,000/- less than the estimate

3 Drain Cess Provision Rs.8,000/- The average annual receipt is Rs 7,282/- The Budget estimate of Rs.8,000/- for 42-43 has not been realised Allowing xx for an increased collection of about Rs 300/- during the next year, the budget provision for 43-44 may be put down at Rs.7,500/- or Rs.500/- less than the proposed figure

4 Markets Provision Rs.80,000/- The average income for the last three years is Rs 77,965/- The revised figure for 1942-43 is taken at Rs.77,170/- as against the original budget provision of Rs.79,000/- while the actual income fell short of the revised by Rs.1,000/- An increase of Rs 3,000/- over the actuals for 1942-43 as expected by the Municipality appears to be too sanguine. Allowing for an increase of Rs.1,000/- the receipts under this head may be taken at Rs.78,000/- as against Rs.80,000/- assumed by the Municipality

5 Municipal Farm Provision Rs.40,000/-. The average income for the last three years is Rs.30,695/- though there was

an increase of nearly Rs 10,000/- in the realisations for 42-43 over the Budget estimate for that year, it cannot be expected tnat the existing high rates for the produce will continue to prevail during 1943-44 also Allowing for an increase of Rs 5,000/- over the average, the income during 1943-44 may be estimated not to exceed Rs 35,000/-

B Expenditure

6 A I(d) Furniture Rs 1,000/- In view of the slender financial condition of the Municipality, the provision of Rs 1,000/- for this head may, perhaps, be deleted

7 A II 2(b) Door numbering Rs 500/- The provision of Rs 500/- is reduced to Rs 300/- to cover the liability already incurred and to minimise expenditure in view of the unfavourable financial condition of the Municipality

8 A III Pension Contribution etc , Provision Rs 14,000/- The provision proposed by the Municipal Council is insufficient to meet the actual pension charges, for which an extra provision of Rs 4,000/- is necessary The provision is therefore increased to Rs 18,000/-

9 E I(c) Health Survey Rs 500/- This provision also may, perhaps, be deleted

10 E 2(c) 7 Purchase of lorries Rs 4,000/- In view of the financial condition of the Municipality and the very high purchase value of second hand lorries prevailing at present, the provision of Rs 4,000/- for this item may also be deleted

11 E 2(c) 10 Purchase of Dust bins Rs 1,500/- The provision of Rs 1,500/- under this head may perhaps be reduced to Rs 500/- in view of the deficit budget

12 D I Original Works Rs 87,000/- Full provision may be allowed for the incomplete works of the previous year which amounts to Rs 11,092/- As regards the balance of Rs 75,908/- budgetted for new works, the provision for certain works viz , (1) Improvements to Swimming ponds Rs 2,000/- (2) Park improvements Rs 2,000/- and (3) Improvements to Foot path Rs 2,000/- may perhaps be omitted and the grants for other works also may be reduced limiting the total expenditure for new and incomplete works to Rs 77,000/- on the

whole The proposed improvement works may perhaps be taken up later when the financial condition of the Municipality improves

13 D 2 Repairs Rs 63,000/- In view of the slender financial position the provision of Rs 4,000/- for special repairs may perhaps be deleted If any works have to be taken up during the course of the year, the Municipality may be required to meet such expenditure by reappropriation

Sir

Re Budget estimates of the Mysore City Municipal Council for the year 1943-44.

I have the honour to forward herewith two copies of the Budget estimates of the Municipal Council and the Town Hall for the year 1943-44 as passed at their special meeting held on the 19th May 1943, for favour of sanction along with copies of resolution os 723 and 725A dated 19-5-1943 approving of the Budget estimates An explanatory memorandum explaining the figures adopted in the

the Budget is printed along with the estimates as also the statements detailed below

i Statement showing the financial condition of the Municipality
ii Statement showing demand collection and balance of taxes
iii Statement of public works to be carried out
iv Statement showing the details of medical relief
v Statement showing the details of establishment
vi Statement showing the securities held by the Municipal Council
vii Statement showing the details of investment and
viii Statement of loans raised

2 The estimates show a closing balance of Rs 5 110/ against the prescribed minimum of s 20 000/= As the revenue for next year has been made on a conservative estimate, it is possible the closing balance at the end of June 1944 may be more But as things stand at present a closing balance lower than the prescribed limit is unavoidable Payment of dearness allowance to staff owing to the increase in prices under necessary articles such as horsegram fodder and other articles required for our daily services and maintenance of transport have contributed largely to the heavy expenditure even though expenditure on optional items has been reduced to the

the barest minimum The dearness allowance alone, on account of regular establishment comes to Rs 57100/ and to nearly Rs 10,000/- on account of kali-hat and other Gangs In these circumstances the Budget proposals which have been very carefully and cautiously made may be kindly approved even though the minimum balance is lower than prescribed since in the course of expenditure the fact that there should be a minimum closing balance of Rs 20 000/- at the end of the year will be kept in view and the expenditure regulated so as not to fall short of the prescribed minimum

3 As will be seen from the Budget, it was not possible to further cut down expenditure without impairing efficiency or the high standard of sanitation maintained for this City

4 It may be added that all obligatory items have been provided for except Rs 25,000/-, on account of primary education regarding which kind attention is

is invited to letter No GT 2782 dated 23-5-1962
copy of which is enclosed

"Re The levy of education cess of two annas in the rupee of tax on buildings and lands and professional tax in the Municipality

---

"With reference to Government Order No M 1358-71, Edn 195-40-2, dated 16th October 1941, directing the levy of education cess in this Municipality, I have the honour to state that the Government Order was placed before the Municipal Council at its meeting held on 28th November 1941, when they formed a sub-committee consisting of the undersigned and four members to go into this question and all the implications and also to ascertain whether the levy of this cess would mean the discontinuance of the payment of ₹ 25,000/- per annum This subject came before the Municipal Council at their meeting held on 31st March 1942, when the subject was deferred In their meeting held on 12th May 1942, the subject was taken up and after considering all the aspects of the question, the Council passed the enclosed resolution

"The Government Order directs the levy of an education cess of two annas in the rupee of (i) tax on buildings and lands and (ii) professional tax A statement showing the demand under education cess calculated at the above rate on house tax is herewith enclosed No profession tax is levied in this City It is seen, therefrom that the amount of demand will be 18,860/- as calculated on the demand of tax on buildings and lands amounting to ₹ 1,50,880/- per year This shows that the amount of collection by the fresh levy would be less than the present contribution

P T O

contribution of R 25,000/- by Rs 6,142/- The resolution of the Municipal Council is self-explanatory and I request you to kindly obtain early orders of Government in the matter.

Explanatory Memorandum accompanying the Budget Estimates of the Year 1943 44

1 This memorandum deals only with such of the items in respect of which there are appreciable variations as compared with the sanctioned and revised estimates for the current year and the proposed estimates for the year 1943–44 The provisions under the revised are based mostly on the actuals for the first 9 months during the current year and the provision for 1943–44 on the sanctioned scales in respect of establishments and on the Revised in respect of others unless otherwise stated

RECEIPTS

2 **Octroi** —The receipts during the first 8 months is Rs 1 51 556 According to the latest figures the receipts during Mar h was Rs 22 800 making a total of Rs 1 74 356 Taking an average of Rs 22 000 for the remaining months on the basis of the previous month s figures the total that could be expected for the year is Rs 2 30 000

Regarding the Budget it is very difficult to say how our receipts will be in view of war con ditions etc As it is very unsafe to overestimate the receipts I would put it down to Rs 2 10 000 on a conservative basis The receipts for the past four years are noted in the margin

38–39	1 67 695	Sanctioned estimate		1 82 000
39–40	1 72 994	Revised	42–43	2 30 000
40 41	1 85 697		43 44	2 10 000
41–42	1 90 341			

3 **Taxes on Buildings and Lands** —The opening balance for 42–43 was Rs 40 868 The demand during the year was Rs 1 54 132 thus making a total of Rs 1 95 000 Making an allowance for an arrears of Rs 21 800 on account of suits etc a collection of Rs 1 73 000 is anticipated

Budget —*Re* the arrears for 43–44 would be Rs 20 800 and taking a demand of Rs 1 58 200 an increase of 4000 over the previous year the total demand would be Rs 1 79 000 Assuming a sum of Rs 14 000 to remain as arrears at the end of the year and providing fo a remiss on of Rs 2 000 the collections are anticipated to be Rs 1 63 000

38–39	1 61 946	Sanctioned Est	42–43	1 68 000

4 **Taxes on Vehicles and Animals** —The collect on for the first 8 months is Rs 35 670 and to the end of March is Rs 41 35o A sum of Rs 42 000 under this head has therefore been anticipated

The Budget for the next year provides for a small increase

5 **Tolls and Ferries** —The collection to the end of the first 8 months is Rs 49 064 The collection in March shows an excess of Rs 2 556 the total collection being Rs 57 879 Taking an average demand of about Rs 6 200 per month for the next three months the total will be Rs 76 000 The Budget for next year may be placed at Rs 74 000 on a conservative basis

Explanatory Memorandum accompanying the Budget Estimates of the Year 1943 44

1 This memorandum deals only with such of the items in respect of which there are appreciable variations as compared with the sanctioned and revised estimates for the current year and the proposed estimates for the year 1943–44 The provisions under the revised are based mostly on the actuals for the first 9 months during the current year and the pro ision for 1943–44 on the sanctioned scales in respect of establishments and on the Revised in respect of others u less otherwise stated

RECEIPTS

2 **Octroi** —The receipts during the first 8 months is Rs 1 51 556 According to the latest figures the receipts during Mar h was Rs 22 800 making a total of Rs 1 74 356 Taking an average of Rs 22 000 for the remaining months on the basis of the previous month s figures the total that could be expected for the year is Rs 2 30 000

Regarding the Budget it is very difficult to say how our receipts will be in view of war con ditions etc As it is very unsafe to overestimate the receipts I would put it down to Rs 2 10 000 on a conservative basis The receipts for the past four years are noted in the margin

38–39	1 67 695	Sanctioned estimate		1 82 000
39–40	1 72 994	Revised	42–43	2 30 000
40 41	1 85 697		43 44	2 10 000
41–42	1 90 341			

3 **Taxes on Buildings and Lands** —The opening balance for 42–43 was Rs 40 868 The demand during the year was Rs 1 54 132 thus making a total of Rs 1 95 000 Making an allowance for an arrears of Rs 21 800 on account of suits etc a collection of Rs 1 73 000 is anticipated

Budget —*Re* the arrears for 43–44 would be Rs 20 800 and taking a demand of Rs 1 58 200 an increase of 4000 over the previous year the total demand would be Rs 1 79 000 Assuming a sum of Rs 14 000 to remain as arrears at the end of the year and providing for a remiss on of Rs 2 000 the collections are anticipated to be Rs 1 63 000

38–39	1 61 946	Sanctioned Est	42–43	1 68 000
39–40	1 64 047	Revised Est		1 73 000
40 41	1 70 593	Budget Est	43–44	1 63 000
41–42	1 74 883			

4 **Taxes on Vehicles and Animals** —The collect on for the first 8 months is Rs 35 670 and to the end of March is Rs 41 350 A sum of Rs 42 000 under this head has therefore been anticipated

The Budget for the next year provides for a small increase

38 39	29 834	Sanctioned for	42–43	41 000
39–40	30 5 3	Revised		42 000
40–41	41 578	proposed	43 44	42 000
41–42	41 053			

5 **Tolls and Ferries** —The collection to the end of the first 8 months is Rs 49 064 The collection in March shows an excess of Rs 2 556 the total collection being Rs 51 879 Taking an average demand of about Rs 6 200 per month for the next three month the total will be Rs 76 000 The Budget for next year may be placed at Rs 74 000 on a conservative basis

38–39	60 542	Sanctioned	42–43	74 000
39–40	71 181	Revised	43–44	76 000
40 41	61 360	proposed	↓	74 000
41–42	73 711			

6 **Water Tax** —The collection during the first nine months amounts to Rs 91 271 During the next three months another sum of Rs 45 000 would be anticipated at Rs 15 000 per month as in the month of March 1943 the total would thus be Rs 1 36 271 A sum of Rs 1 36 000 is therefore proposed in the Revised The Budget for 42–43 was placed at Rs 1 38 000 assuming expansion of the demand but on account of restricted water supply this expectation was not realised

38 39	1 0 491	Sanctioned	42–43	1 38 000
39–40	1 24 169	Revised		1 36 000
40–41	1 43 821	Proposed	43–44	1 35 000
41–42	1 41 401			

1943–44 —As most of the recoverable arrears has been collected a sum of Rs 1 35 000 is provided for the next year

7 **Sanitary Cess** —Under Sanitary Cess the arrears were Rs 21 140 and the demand is Rs 39 860 thus making a total of Rs 61 000 A large portion of wrong demand under this head has since been written off and assuming therefore that the collection of arrears under Sanitary Cess and Drain Cess will bear roughly the same proportion to the demand as in the case of Mohatarfa the collection may be put down at Rs 45 500

38–39	34 864	Sanctioned	42–43	45 000
39–40	35 932	Revised Est		45 500
40–41	42 316	Budget Est	43–44	46 000
41–42	42 509			

1943–44 —The arrears at the beginning of the year would thus be Rs 14 500 and adding a demand of about Rs 41 500 the total will be Rs 56 000 Providing for a remission of Rs 1 000 and arrears of Rs 9 000 at the end of the year the collection is placed at Rs 46 000

8 **Drain Cess** —The arrears were Rs 3 150 and the demand is Rs 7 120 The collection for the first eight months is Rs 2 805 A sum of Rs 4 695 is expected to be collected during the remaining portion of the year on the basis o collection of Mohatarfa and Sanitary cess bringing the total collection to Rs 7 500

1943–44 The arrears at the beginning of the year would be Rs 2 575 and assuming a demand of Rs 7 500 and providing for a remission of Rs 100 and a closing balance of Rs 1 975 the collection for the next year is put down at Rs 8 000

38 39	6 041	Sanctioned F t	42–43	8 000
39–40	6 068	Revised	42–43	7 500
40–41	7 304	Proposed	43 44	8 000
41–42	6 885			

9 **Pounds** —The collection during the first 8 months is Rs 767 and in March it is Rs 89 The fall under this head is due to the abolition of the Cattle Catching Gang Instructions have been recently issued that the Municipal staff should be more vigilant in this matter and for purposes of Budget however we may take the current years figures at Rs 1 400 The same figure is repeated for the Budget

10 **Registration and Surcharge Fees** —A sum of Rs 4 004 was received during these eight months and expecting a collection of about Rs 900 the total collection will be Rs 5 000 This is a varying item of income A surcharge fee of four annas on every gallon of liquor sold in excess of 50 gallons per month is collected and paid to the Municipality along with a registration fee of Rs 180 per liquor shop As the consumption varies the receipts also vary On the basis of the receipts for the current year a sum of Rs 5 000 might be anticipated during the next year also

11 **Rents on Buildings and lands** —Details for the receipts in the Revised are noted below —

		Rs	
1	Rajaram Agrahar houses	1 674	
2	Toddy shops	720	
3	Wellington Lodge	480	
4	Petrol Pumps	300	
5	Neonsign Board	120	
6	Advertisement Board	20	
7	Rent on Model Houses	936	
8	Ground Rent near Chamundi Hills	18	
9	Shop on Nachanahalli road	86	
10	Rent on building received through civil court	156	
11	Pandal Rent	25	
12	Bus Terminus	3 240	3 120
	Total	7 840	7 720

During the next year rents are expected on all the items except item No 7 as these Houses have since been sold Adding a sum of Rs 2 700 on account of Bus Terminus rent which used to be shown under a separate head the total for next year is taken to be Rs 6 340

12 **Sale of Plants and Seeds** —From the sale of avenue tree branches a sum of Rs 325 has been realised so far and another sum of Rs 75 is expected during the remaining part of the year resulting in a total income of Rs 400 It is also proposed to sell plants and seeds in the newly formed Nursery and from this source a sum of Rs 1 100 is expected A budget of Rs 1 500 is therefore proposed for next year

Sanctioned Budget	800	Proposed Budget for 43–44	1 500
Revised Budget	400		

13 **Compost** —There has been a slight improvement in the sales and it is expected that during the current year owing to the difficulty in procuring foreign manure the sale will be brisker Really there ought to be brisker sales for compost and quite a lot of propaganda is being done but the results are not satisfactory and although the educated agriculturists take compost the ryots have not taken to it The receipts under this head have therefore been put down at Rs 3 000 The same figure is put up for next year

14 **Markets** —Revised figure—Rs 77 170—The figures are based on the collection to end of February and the actual demand The Budget is placed at Rs 80 000 providing for a small increase of Rs 3 000 as the Markets have all been improved considerably

15 **Slaughter Houses** —The revised calls for no remarks The Budget receipts will depend upon the auctions to be held next month

16 **License Fees** —The figures for the revised and the Budget are based on the actual demand as per registers in the Health Office

17 **Interest on Investments** —As the rate of interest on Savings Bank Deposits is reduced the interest expected during the current year is less by Rs 200 than the anticipated receipts A sum of Rs 3 750 is expected for the next year as follows —

Sanctioned (1942 43)	3 800	Revised 1943 44	3 600 3 750
	Rs		Rs
Health Office Society	90	Interest on Model Houses instalments	166
Municipal Society	270	Interest on house purchase advance	210
S R Account	814	Mysore Bank	160
Drainage Loan Interest	2 000		3 750
State Loan Bond Interest	40		

18 **Municipal Farm** —There has been considerable improvement in the management of the Municipal Farm resulting in an increased revenue A small increase in rates on grass is also partly responsible for the increase in the receipts under Grass Assuming that the receipts during the next 3 months would be not less than Rs 3 000 per month the revised is put down at Rs 37 500

	Rs		Rs
1938 39	26 443	1941 42	27 228

Receipts during first eight months

Vegetables	3 028		
Lucerne	218		23 932
Grazing	2 526	Receipts during March	3 421
		Total	27 353

The construction of the two wells and the putting up of a pump are under progress and consequent on this increased areas are expected to be brought under cultivation and also under Grass A slight increase in the Budget has therefore been proposed and the Budget is placed at Rs 40 000 If the improvements anticipated are kept up the receipts under this head would easily be more

19 **Grants and Contributions** —A sum of Rs 10 000 due from the Government in respect of repairs effected for State Fund roads within the City limits anticipated to be realised has not yet been received The matter is still under correspondence This amount may perhaps be realised next year and provision for this has therefore been made in the next year s Budget

20 **Public Debt** —A sum of Rs 25 000 was granted as loan by Government in their Order No 9727-30/Ml 109 41-6 dated 14th April 1942 for purposes of sinking wells in the City The repayment has to commence from the current year Provision for this has been made in the revised and in the Budget for 1943 44 on the expenditure side

21 **Deposits** —The large increase under deposits is due to the receipts from the sale of houses as per Government Order No I 1442-5/Ml 147-41-8 dated 1st August 194 The construction of new houses against these receipts is provided for in the expenditure under deposits As a sum of at least Rs 50 000 is anticipated by the sale of the new model houses under construction the Budget for next year is placed at Rs 60 000

22 **Advances** — A large sum of Rs 62 000 is provided under Advances This is due to the anticipated adjustment of a portion of the heavy advance outstanding against the Sanitary Engineer The Sanitary Engineer in his recent statement has stated that works to the extent of over Rs 40 000 has been completed and this will therefore have to be adjusted and the corresponding debit will come under E 9 Submains and Public taps on the expenditure side But this does not affect our cash position as the amounts have already been advanced The question of doing away with this system and permitting the Municipality to execute its own works in respect of estimates below Rs 1 000 is under consideration A sum of Rs 4 610 is expected to be refunded on account of savings in the works executed and this is being credited to Advances

Budget —In respect of the amounts advanced during the current year and arrears of previous years a sum of Rs 1 20 000 is still expected to remain unadjusted A sum of Rs 60 000 is provided therefore for the adjustment in the next year s Budget also

23 **Stock Credit** —As a large quantity of cement was purchased during the year a sum of Rs 8 030 had to be spent The provision for 1943-44 is based on the revised

Sanctioned 1942-43	1 000	Proposed	8 000
Revised	8 030
